

*An up-to-date educational journey through B cell immunology, new technologies and beyond for advanced **doctoral candidates and postdocs** interested in B CELL BIOLOGY. The program includes research presentations by all participants, lectures by internationally renowned experts, and interactive sessions to meet the speakers, discuss science and foster networking within our European B Cell community.*

1st B Cell Summer School

11. – 15. June 2023

Lohr am Main • Germany

Application

20. April 2023

<https://b-cell.school>

Invited Faculty

Georg Schett (DE)
Annemiek van Spruiel (NL)
Matthieu Mahévas (FR)
Christiane Berger-Schaffitzel (UK)
Andrew Macpherson (CH)
Oliver Pabst (DE)

Scientific Organizers

Rita Carsetti (IT)
Marion Espéli (FR)
